

## Educational Kits

School supplies are scarce in the public school system. School kits are donated to the school who distributes them to needy children who have worked and studied hard.

Actual kits can vary but should include basic supplies and a carry bag to help keep them together for the student.

Contents:

- 2 Spiral Notebooks
- 2 pencils
- 2 ballpoint pens
- Eraser
- Ruler
- Pencil sharpener
- Carry bag. The bag can either be sewn or purchased. It should be of sturdy fabric and seams reinforced. Measurements are approximately 12" X 12" with a double carrying strap (not draw-string).
