THE VILLAGE THAT SMILED™

# HUMANITARIAN EXPEDITION

[www.thevillagethatsmiled.info](http://www.thevillagethatsmiled.info)

April 2004

## BARRETT PTA AND PE PROGRAM SUPPORT HUMANITARIAN EFFORT IN AFRICA

“The quality of life depends on the quality of water.” Volunteer villagers wear Barrett t-shirts. They use warm water from solar showers to bath babies in Ethiopia. The villagers called the water SUNSHINE water.

Girls from the village carry water from the river for all water needs. The water containers generally weigh from 24 to 40 pounds. The village is two miles from the river.
